OneSky Empowers Private Jet Travel at Substantial Savings This Holiday Season

Use of Flights Known as "Empty Legs" Finding Niche Among Flexible, Savvy Travelers

MANCHESTER, NH -- (MARKET WIRE) -- December 12, 2006 -- "Right now, there is still enough time to book your holiday private jet travel," says Justin Sullivan, VP of Sales at OneSky Jets. "Next week will be a different story, as private jet availability for 'peak travel days' tightens up. But, if you live in Miami, Ft. Lauderdale or Boca Raton, and want to travel north for the holidays, we can give you an almost unbelievable value."

This is the reverse benefit of OneSky Jets' new search system that aggregates hundreds of empty legs (empty legs are flights where jets are flying empty after having delivered a customer, or are on their way to pick up a customer).

"OneSky Jets estimates that over 40 percent of the private jets flying customers south for Christmas will return empty, providing significant opportunities for those living in the south who want to fly north for the holidays," explains Sullivan.

Following is a snapshot of available jets with "empty legs" through Dec. 31 that is suggestive of what may be available through OneSky Jets:

| Origin | Destination | Aircraft | Traditional Price | Empty Leg Price |
|---------------------|-------------------|----------------|-------------------|-----------------|
| ----- | ----- | ----- | ----- | ----- |
| West Palm Beach, FL | White Plains, NY | Lear Jet 35 | \$15,671 | \$8,253 |
| Ft. Lauderdale, FL | Teterboro, NJ | Beechjet 400A | \$13,954 | \$8,915 |
| Boca Raton, FL | Atlantic City, NJ | Lear Jet 35 | \$14,361 | \$9,792 |
| Burbank, CA | West Palm Beach | Challenger 601 | \$62,433 | \$35,561 |

"Rather than flying one way empty, it is in the interest of private jet providers to offer substantial discounts to attract travelers in an effort to monetize each leg," explains Greg Johnson, OneSky's CEO. "But as the market is fragmented, until now most empty legs have gone unused."

"OneSky's new search engine fills the vacuum as it empowers customers to instantly search, compare and price the inventory of empty legs in real time," says Johnson. "While we offer empty legs generated through our internal bookings, we also aggregate the supply from our 300+ operating partners, thereby providing our customers with access to hundreds of empty leg opportunities."

OneSky's searches of empty legs are in real time, but the snapshots in this press release are not a guarantee that these prices will be available when customers call. For current prices, travelers can browse to <http://www.onesky.com/emptylegs> or call 866-663-7591.

About OneSky Jets

Through its revolutionary online booking system, customers can instantly search, compare and price flights anytime. At any step in the process, well trained Flight Consultants and Operations Specialists are available via live chat or telephone (1-866-663-7591) to assist the potential flyer. Once a flight is confirmed, OneSky's command center tracks every detail, delivering the white glove service that discriminating private jet travelers expect. This one-of-a-kind high tech, high service functionality is making OneSky the premier on-demand

private jet company.

Founded in 2003, OneSky's senior management team includes Trey Urbahn, Chairman, a founding officer of Priceline.com, and Greg Johnson, CEO, formerly a logistics executive at FedEx.
